

STAND UP TO IRAN

Courtesy of UPI.

Iranian President Mahmoud Ahmadinejad is the public face of a regime which threatens us all. When he speaks, he expresses the regime's policies.

The destruction of the State of Israel:
that's Iran's policy.

Denying the Holocaust:
that's Iran's policy.

Illegally pursuing nuclear weapons:
that's Iran's policy.

**A state which advocates these
policies needs to be excluded from
the international community.**

We call on the governments of the European Union to follow up their condemnation of Mahmoud Ahmadinejad with decisive action.

- **Ban him from entering your countries.**
- **Isolate the regime he represents.**
- **Stand up to Iran's message of hate.**
