

INTERDISCIPLINARY CHART

(A WORLD OF DIFFERENCE® Institute Anti-Bias Study Guide Secondary Level)

The lessons in the *Anti-Bias Study Guide* fit most naturally into social studies and English/language arts classes, and into advisory groups or other courses that address student interpersonal behavior, school climate and other diversity-related issues. There are also connections throughout the *Study Guide* to other subject areas, providing excellent opportunities for team teaching and cross-disciplinary learning. The chart below summarizes the correlations among *Study Guide* lessons and various subject areas.

Unit	Lesson Title	Social Studies*	Language Arts**	Math/Technology	Science***	The Arts****	Health
