Anti-Defamation League

## EXAMPLES OF NO PLACE FOR HATE® ACTIVITIES

- Organize a school-wide poster contest in which students promote respect and understanding for people in all their diversity.
- Have a team of students compile a list of books about people who overcame obstacles based on their race, religion, ethnicity, country of origin, sexual orientation, disability or appearance. Create a library display of these books and encourage all students to read one book on the list and post their comments on a school Web site or on a wall display.
- Create a team of students to plan a Speakers Series of at least three programs; have them invite recognized civil rights and community leaders to speak at student forums about the challenges they have faced and their vision for the future.

## NO PLACE FOR HATE®

No Place For Hate® is a program of the Anti-Defamation League (ADL) that helps schools enhance or create a culture of respect. This program is designed to celebrate diversity and empower members of the school community to challenge all forms of bigotry. By participating in No Place For Hate®, your school has the opportunity to reduce bullying, name-calling and other expressions of bias; create a safer learning environment; promote unity and pride; and live by the core value of respect for others.
