

STUDENT VOTERS

Why does the student vote matter?

- Young adults historically vote at lower rates than older adults.
- Millennials and Gen Z will be a large share of eligible voters in the 2022 election – Register to vote [here!](#)
- Students face barriers to voting, including not having a driver's license, moving frequently, and not being contacted by political campaigns.

Can I register to vote in the state in which I attend school?

- Any degree seeker that maintains a permanent or temporary residence in the state where they attend college can also change their voter registration to that state in order to vote in person.
- You cannot register to vote in your home state and your school state – this is voter fraud!
- Student IDs are accepted as a form of ID in [some states](#), but not all.

State Student Guides
